

PRIMARY CARE FAMILY AND SEXUAL VIOLENCE SUPPORT

Comprehensive Support Template

The purpose of this Support Template is to:

- Provide space for AHS workers to reflect and collect information pertinent to understanding the experience of intimate partner, family and/or sexual violence for the person they are supporting.
- Provide a victim-survivor's information to a PCFSV Support Specialist for collaboration and support.

Before engaging with a PCFSV Support Specialist, consent to share information must have been provided by the person being supported by the AHS worker. Please include the signed **Consent to Share Information form** with this support template.
